

Monday, March 17th, 2020

St. Paul's Council had a Special Meeting last night to talk about COVID-19.

We decided that we will Suspend all Congregational activities (Worship and Mid-Week Groups) until further notice. We will follow the advice of the Medical Officer of Health and other official sources to determine when the suspension is ended.

Carla and Gord will still be in the office for regular hours.

The Worship Team is meeting Tuesday afternoon to talk about how we can offer some sort of "worship-y" resources online. Watch the website and the church Facebook page (<https://www.facebook.com/stpaulsunitedgp/>) for more as we test and figure out what will work.

We encourage people to reach out by phone or online to their neighbours to help ensure that physical distancing does not become social isolation. We need to care for each other's mental, emotional, and spiritual well-being.

Watch for a letter from Gord and the Communications Team later this week.

And remember, God is with us. We are not alone.
